

GLASS LIGHTS FALSTAFF

Design: Douglas Varey and Alex Maughan

FALSTAFF IS A GLASS STUDIO PRODUCT

FALSTAFF is a substantial character, hefty belly wrap glass is suspended by robust hardware.

Diligent attention is paid to the challenge of installing heavy glass fixtures. Suspending hardware is scaled to the weight of the glass, glass is supported independently of wiring connections.

Shown here: Ø 12" truncated ovoid with a belly wrap bulge in warm smoke grey glass. Contrasting navy blue cloth cord, blackened steel hardware.

Shape and size readily varied by request, an array of glass and cord colors is available. Hardware is typically blackened steel but can also be plated, patinated or even leafed.

Glass Lights are hand crafted to order.
