

# GLASS LIGHTS PORTALUPPI

Design: Douglas Varey and Alex Maughan

## PORTALUPPI IS A GLASS STUDIO PRODUCT

PORTALUPPI embodies the essence of Milano: utterly restrained, favoring precise attention to detail.

Sublime glass cylinders are carefully radiused at heel and lip. An unexpected cone tip lampholder cover and cone centered canopy add style. Austerity exudes confident panache.

Cylinders are typically clear crystal but can be blown in color, seeded glass or with parcioffi grooves. Pendants may be cloth cord hung or mounted on rigid stems. Larger glass must be stem mounted.

Shown in studio: 7" and 12" tall cylinders. Restaurant application: 17" tall. 7" is suspended by olive cloth covered cord, polished brass hardware, E12 LED filament lamp. 12" rigid mount, bright brass (rubbed) finish, E26 (medium base) lamp.

Glass Lights are hand crafted to order.
