

# METAL MANIFOLD

Design: Douglas Varey

## MANIFOLD IS A PRODUCT OF THE METAL SHOP

MANIFOLD offers a unified synthesis of elemental form. Sheet steel is hand formed to achieve faultless, mark free, radiused corners. A single solid brass rivet.

Size, proportion and finish are flexible. Shown left: 7" X 12" vertical and 6" X 14" horizontal rectangles in Blackened Steel.

The fixture's glow is provided by a 10W LED light engine bouncing off a discrete internal reflector. Universal voltage, TRIAC/ ELV 10% dimming. EnergyStar rated. A Gold leaf or Silver leaf interior is optional and creates a unique glow.

Manifold is hand crafted to order.
